

Information about cookies & similar technologies

This policy contains information about cookies and similar technologies in connection with your use of VideoOnPaper sites and mobile applications that link to it (collectively our "Sites").

What are cookies and similar technologies?

A cookie is a small text file that is placed on your computer, mobile phone, or other device when you visit a website. The cookie will help website providers to recognize your device the next time you visit their website. There are other similar technologies such as pixel tags, web bugs, web storage and other similar files and technologies that can also do the same thing as cookies. VideoOnPaper uses the term "cookies" in this policy to refer to cookies and all such similar technologies that collect information in this way.

How we use cookies

We use cookies for the following purposes:

Essential Operational

These cookies are necessary to allow us to operate our Sites as you have requested. For example, strictly necessary cookies enable us to recognize whether you are a member of VideoOnPaper so that we can provide you with access to our services. They also allow us to improve security and enable you to access our try-for-free and shopping-cart functionality. We are not required to obtain your consent to cookies that are strictly necessary.

Performance/Analytics

We use these cookies to analyze how our Sites are accessed, used or performing. We use this information to maintain, operate and continually improve our Sites. We may also obtain information from our Email newsletters, to learn whether you opened or forwarded the newsletter or clicked on any of the content. This information tells us about our newsletters' effectiveness and helps us ensure that we're delivering information that you find interesting. We use Google Analytics as one of our providers. You may find more information about Google Analytics [here](#), including how to opt-out.

Functional

These cookies let us operate certain functions of our Sites in line with the choices you make. These cookies mean that when you continue to use or come back to our Sites, we can recognize you as a registered customer and customize your experience, such as knowing your name and email address, remembering the types of products or services you previously ordered or reviewed, and providing recommendations on the products or services that may be of interest to you.

Third Party

We may allow service providers acting on our behalf to use cookies on our Sites for the purposes identified above.

Manage your preferences

Most browsers provide you with the ability to disable, decline, or clear cookies and local storage; please check your browser's settings for further information. For more information about cookies, please visit <https://www.aboutcookies.org>.
